

LATO SALA	NR	TIPO RICERCA	ESPOSIZIONE POSTER DIGITALI - Sessione non premiata
CARICATI SU SCHERMI DIGITALI	1	D-CLIN	Viani Giacomo - 3D echocardiographic evaluation of mitral valve annulus in patients with mitral annular disjunction
	2	D-CLIN	Catho Gaud - A computerized decision support system integrated with electronic prescribing for antimicrobial stewardship. The COMPASS study
	10	D-CLIN	Schneebeli Alessandro - Changes in ultrasound echo intensity parameters of Achilles and patellar tendons after a ski-mountaineering competition
	11	D-CLIN	Minerva Eleonora Maddalena - Chirurgia Toracica Video-Assistita con approccio uniportale: esperienza iniziale all'EOC
	13	D-CLIN	Bernareggi Alberto - Complementary pharmacokinetic and pharmacodynamic profiles of netupitant and palonosetron after administration of their fixed combination
	14	D-CLIN	Caretta Alessandro - Correlation between ECG abnormalities and late gadolinium enhancement in cardiac magnetic resonance in acute myocarditis
	21	D-CLIN	Bellesi Luca - Evaluation of semipersonalized staff eye lens dose in interventional radiology: Indirect and direct evaluations
	24	D-CLIN	Candrian Christian - First-in-human implant of a new prosthesis for trans-femoral amputated patients
	26	D-CLIN	Nosedo Roberta - Histiocytosis haematophagic with immune-checkpoint inhibitors: analysis of WHO global database of suspected adverse drug reactions
	46	D-CLIN	Beretta Piccoli Matteo - Prevalence of cerebral palsy in southern switzerland: a population-based study
	48	D-CLIN	Fiorillo Luigi - Quantitative and objective assessment of motor functions in subjects affected by Parkinson's disease
	49	D-CLIN	Bellesi Luca - Radiation dose to parents, staff and caregivers assisting and monitoring pediatric patients during chest CT
	51	D-CLIN	Maino P. - Refill Port Identification of Intrathecal Drug Delivery System Devices with a Raised Fill Port
	58	D-CLIN	Bosetti Davide Giovanni - Studio esplorativo di Radiomica nei pazienti affetti da adenocarcinoma prostatico sottoposti a trattamento radioterapico
	1	D-INF	Maffenini Pamela - Audit clinico sull'utilizzo della metodica NPWT (Terapia Pressione Topica Negativa) durante l'anno 2017
	4	D-INF	Presta Giovanni - Efficacia Hyaluronic-Acid-Gel nella guarigione di radiodermatite durante radioterapia e assunzione di Cetuximab: case study
	9	D-INF	Maffenini Pamela - Studio osservazionale: Debrisoft® per rimozione del tessuto non vitale: dimostrazione di efficacia abbattimento carica batterica
	9	D-LAB	Tallone Tiziano - Development of biodegradable/implantable microcarriers (MCs) for cultivation of human adipose stem cells (hASCs) for cell therapeutic applications
	11	D-LAB	Koetsier Eva - Dorsal Root Ganglion Stimulation for Pain Relief: not dependent on Dorsal Horn GABA Release
	25	D-LAB	Piffaretti Deborah - New strategies to impact Porphyrin IX (PpIX) accumulation in GBM cell lines
	26	D-LAB	Tallone Tiziano - Obesogenic endocrine disrupting chemicals? Testing this hypothesis with two compounds
	28	D-LAB	Boccon Denise e Covelli Serena - Progettazione preliminare, analisi teorica e validazione sperimentale di un dispositivo per assistenza ventricolare destra
	31	D-LAB	Pietra Claudio - The ghrelin compounds, Anamorelin and Ipamorelin, Antagonize Cisplatin-Induced Anorexia and Emesis in Ferret
